fyi. We have no remaining items from the new and improved list until the BIDs team gets back to us on what reports they need.

Attached is an updated list as of today. 17 of the 22 requested items have been completed. The new changes were moved to production last night. The remaining five items in section C are pending on BIDS to provide sample reports. Please let me know if you have any questions. Thanks.

Hi Everyone,

Attached is a list of requested items from Bids. I've added the summary and action items resulting from yesterday's meeting. On the last page, I listed the action items for both Systems and Bids. Only item #18 in section B is high priority. Systems will start to work on section B's items.

Please review it and let me know if you have any questions.
